Choose your plan and save

Our maintenance plans are designed to ensure that your Nissan is always ready for your next journey. Maintenance plans are available in a variety of coverages and durations to meet your needs and budget.

The longer the plan, the greater the savings

When you prepay for maintenance services, you save money compared to paying for services one at a time. These savings increase over time. Plus, you can add your maintenance plan to your monthly vehicle payments for added convenience.

Warranty protection

Performing factory-specified maintenance using Nissan Genuine Parts helps to keep your factory warranty valid. Whether you purchase or lease, a maintenance plan helps to preserve your Nissan's warranty protection.

Genuine Service, Genuine Parts

Your vehicle will be serviced by Nissan's factory-trained technicians, using only approved methods and Genuine Nissan Parts.
